

FYI

Revised Pre-Authorized Payment Plan Form

We are pleased to introduce a revised Pre-Authorized Payment Plan form.

When do I use it?

This form is to be used for all changes in banking as well as updates to payor information for all RBC Insurance® individual life and living benefits plans. For new business, the application will contain a revised version of the pre-authorized payment section at the next reprint.

What's different?

Standardized wording now allows us to produce one form. This eliminates the need to use one form for Living Benefits insurance (#3056C E / #3056C F) and a different form for Life insurance (#00652 E / #50652 F) making it easier for you to do business with us.

Where can I obtain a copy of the new form?

- This new form is electronic only and available in both [English](#) and [French](#)
- Find it today on the Sales Resource Centre under Forms>Customer Service or Forms>New Business

When should I start using the new form?

This form is effective immediately and although the previous versions are still correct, we encourage you to use the new one and ask that you deplete any existing stock by May 31, 2007.

If you have any questions, please contact your RBC Insurance regional office.

February 2007
